

GIVING THAT GETS RESULTS

TOGETHER, WE CAN CREATE LONG LASTING CHANGE

It's not enough to feed a hungry family or protect a child from violence; we need to change the conditions that led to hunger and violence in the first place. Rappahannock United Way works with local businesses, governments, schools, faith groups, media, nonprofit groups, and concerned citizens to create long lasting change. The ability to effect positive change begins with a single act - your decision to GIVE. Whether money, time, or your voice; your action is combined with those of your neighbors and together the power to make an impact is multiplied.
