

2017-2018 Community Impact Fund

HEALTH Investments

OUTCOMES - RUW funds local programs seeking to address the following areas:

Healthy Beginnings

Parents nurture a healthy beginning to life by utilizing prenatal, well-baby and pediatric care for children up to 6 years old

9,600

Individuals achieve measurable change in behavior, situation, or knowledge as a result of RUW funded health programs.

Manage Risk Factors

Individuals and families manage the risk factors that contribute to chronic disease.

2,500

Individuals will locate Mental Health providers and will receive encouragement and support to seek treatment .

Avoid Risky Behaviors

Individuals will develop age appropriate skills and habits to avoid risky behaviors for themselves and create safe communities.

1,400

Survivors of Domestic Violence and Sexual Abuse will receive counseling, support, housing, employment resources, advocacy, and safety.

610

Individuals will receive affordable counseling, child victims of abuse will receive Trauma-focused therapy.

535

Individuals with chronic illness will manage their condition through exercise and good health habits. Families will improve healthy behaviors.

155

Children in the court system are placed in safe, stable homes, receive court-ordered services, and learn life skills.

Investments come in the form of Community Impact Fund Grants awarded, campaign dollars raised and partnerships between RUW and local nonprofits
